

Floor Milk 920

Carnauba-wax care milk for oiled, waxed and lacquered floors of wood, cork and linoleum. 10–30 ml in a bucket of mop water dries to a silk gloss without buffing.

Care emulsion for all oiled, waxed and lacquered surfaces such as wood, cork and linoleum indoors. For the first care of a newly finished floor and for maintenance care after cleaning with Vegetable Soap 930; added to clean mop water. Made from natural raw materials. Protects against dirt and abrasion, dries to a silk gloss after a short time without polishing, and leaves the surface refreshed, open to vapour, dirt-repellent and antistatic. Regular care builds a fine patina.

Drying Time

Dries to a silk gloss after a short time.
Let the floor dry before walking on it.

Coverage

Approx. 10–30 ml of Floor Milk per 10 litres of water. One litre makes about 33–100 buckets of mop water.

Tool Cleaning

Rinse the mop and bucket with water.

Storage

Store cool but frost-free. Close the bottle tightly after use.

Disposal

Dispose of contents and container at a suitable recycling or disposal facility.
Disposal code: EAK/EWC 07 06 01.

Technical Qualities

Silk gloss on drying, no buffing
For oiled, waxed and lacquered floors
10–30 ml in 10 litres of mop water
Dirt-repellent, antistatic, open to vapour
Follows Vegetable Soap 930 every two to four washes

Composition

Water, Carnauba wax, Bergamot oil, Lavender oil, Plant-based emulsifier.

Safety Recommendations

Contains bergamot oil. May cause an allergic reaction.
Keep out of reach of children. If swallowed, call a poison centre or doctor if you feel unwell; do not induce vomiting.
Avoid release to the environment.

Floor Milk 920

Carnauba-wax care milk for oiled, waxed and lacquered floors of wood, cork and linoleum. 10–30 ml in a bucket of mop water dries to a silk gloss without buffing.

Application Instructions

Suitable substrates: Oiled timber floors, Waxed timber floors, Lacquered timber floors, Cork floors, Linoleum.

Not suitable for: Outdoor surfaces — it is made for indoor floors, A dirty floor — clean it with Vegetable Soap 930 first, A newly finished floor in its first four weeks.

Clean the floor first with LEINOS 930 Vegetable Soap.

Shake the bottle well.

Add approx. 10–30 ml of Floor Milk to 10 litres of lukewarm, clean water.

Wipe the floor with a well-wrung mop and let it dry. No polishing.

On a newly finished floor, wait at least four weeks before the first care.

Coats & recoating: A care product, not a coating: there are no coats. Use it after every two to four washes with Vegetable Soap 930; on a new floor, the first care waits at least four weeks.

Tools: Bucket, Flat mop, Measuring cup.
